

## It's class time for you and your Bernina!

If you bought your Bernina at Stitches-n-Stuffing, your instructional classes are included with your machine purchase. However, we know many people move into the area from out of town or have gotten a Bernina handed down to them and could really use some lessons too. If your machine was not purchased at Stitches-N-Stuffing, you may take any of our instructional classes for \$25. per hour. Once you have taken the complete series of classes for your model of machine, then you may attend our Bernina Clubs.

Below we have listed a few of our Bernina Basics classes for sewing machines, embroidery machines and sergers. You must sign up to attend. Software Basics classes are scheduled on a one-on-one basis, please call. After completing your first session, you can sign up for the rest of your classes, depending on the machine model. Call the store for a schedule. Sign up soon.
